PLUCKINGS FROM
ECCLESIASTES 8. 9. & 12.

-O-O-O-O-O-O-O-O-

8: 8. There is no man that hath power over
the spirit to retain the spirit:
neither hath he power in the day of death:
and there is no discharge in that war.

9: 12. For man also knoweth not his time:
as the fishes that are taken in an
evil net, and as the birds that are caught in
the snare: so are the sons of man snared in
an evil time, when it falleth suddenly upon
him.

12: 1. REMEMBER NOW thy creator in the
days of thy youth, while the evil
day come not, nor the years that draw nigh,
when thou shalt say, I have no pleasure in
them.

12: 14. For God shall bring every work
into judgement, with every secret
thing. whether it be good or whether it be
evil.

IF THOU COULD'ST IN A VISSION SEE THYSELF
THE MAN GOD MEANT, THOU NEVER COULD'ST AGAIN
BE THE MAN THOU ART...

D E D I C A T I O N

WE DEDICATE THIS BOOK TO OUR BELOVED
FOREFATHERS.

T H E I R P R A Y E R

Now that our journey has just began
Our course so little trod,
We'll stay before we farther run
AND DEDICATE OURSELVES TO GOD.

And lest we should be ever led,
Through sinful paths astray,
We will begin at once to tread
IN WISDOMS PLEASANT WAYS.

What sorrow may our steps attend,
We cannot now fortell,
But if the Lord will be our friend,
WE KNOW THAT ALL IS WELL.

Attend us in our onward way,
What ever be our lot,
Make us submissive to do thy will,
AND LORD FORSAKE US NOT.

Prayer makes the darket cloud withdraw,
Prayer climbs the ladder Jacob saw,
Gives exercise to faith and love,
Brings every blessing from above.

SYNOPTICAL RECORD

Descending families of Christian Schwartzentruber and Magdalena Shoenbeck.

THEIR CHILDREN. No. 1. Christian. No. 2 Jacob, No. 3. Michael No. 4 Casper..

Children of Christian No. 1.
and Catherine Roth.

Their son Christian Jr. married Phylizen Rudolph. This family had four children, but only two of them married two died single.

Their first child was also named Christian, he married Tena Troyer. to them were born three sons William, Jacob and Christian, we were unable to find any trace of these three sons.

Jacob son of Chris. Schw- & Phylizen Rudolph Married Ellen Coleman. Three children were born to this family, Irvin never married died at the age of 37. Cora, was born 2-23-1875, remained single is still living in Berlin. Pa. Albert Married Margaret Farney, they only had one child Marie, born 1-26-1896 is still living, in Berlin Pa. Single. to this point Christian and Phylitzen Rudolph only has six descending families.

Turning back to Christian Schw* and Catherine Roth, their daughter Magdalena married Joseph D. Bender, son of Daniel Bender. their marriage was blessed with four children, the youngest died while yet very young, the other three are married and their family lineage now counts up to 79 descending families.

Now turning back again to the above Christian Schwartzentruber and Catherine Roth, their third child was a son named Jacob.

Jacob married Barbara Eash, widow of Peter Gingerich. Two sons were born to Peter Gingerich and wife Barbara, both imigrated when their mother and step father came to America, however, as these do not come under the Swartzentruber blood stream we found no record of them and so are not included in the Swartzentruber family lineage.

Jacob was Ordained minister while yet living in Germany, in 1833 he imigrated to America, accompanied by his parents and others, the 72 days trek in a sailing vessel brought many never to be forgotten experiences, a day by day diary was kept which is still in the hand of Bishop Elmer Swartzendruber of Wellman Iowa.

Jacob moved to Iowa, and soon was Ordained Bishop, the first Amish Bishop Ordained in that part of the country, and to the present day of his posterity no less than 26 deacons, Ministers and Bishops have been Ordained.

From this point on a change has been made in spelling the name by omitting the (ch) and changing the last "t" to "d" spelling in Swartzendruber. This change is only in the descending families of Jacobs lineage.

We shall now turn our mind on the second son of Coristian and Barbara Shoenbech Schwartzentruber lineage. "Jacob".

Jacob married Catherine, daughter of John and Barbara Schmucker. Most if not all of their children were born in Mengerlinghausen Germany. Imigrated to American. landed in Baltimore Maryland and wended their way westward to Lancaster Co Pa. Soon after their arival two young men John (Hones) and his brother Christian Erb made their appearance. and parked at the Jacob Schwartzentruber

home, but the attraction of young Veronica was beyond resistance. and according to matrimonial affairs the happy even took place on Feb. 5th 1826. and as their intent was to go to Canada young John simply took his "Catch" with him and we presume the brother Chris acted as Walleet boy, so they imigrated to Perth County Ont..

But soon after Jacob Schwartzentruber and his family moved to Indiana remained there a couple of years and the moved over to Perth County Ont. to where their daughter Veronica lived. Then later settled in Waterloo County where they remained til death.

-o-o-o-o-o-o-o-o-

Michael Schwartzentruber; the third son of the Progenitorial family Christian and Magdalena Shoenbeck also became America Minded. Michael married Barbara Oswald.

Casper who is listed as the fourth son ,we are not posotive whether its Casper or George and that Casper was used as a nick-name, neither have we the name of his wife; however he was married and one son was born to this union, and Casper and his wife died shortly after the birth of the son who was named Christian. Christian was taken into the home of his Uncle Michael and Barbara Oswald. Consequently all that is said in the family history of Michael also include Christian as well. The historical record of this family will be taken up a few pages later.

COMPULSORY MILITARY TRAINING

The German Government enforced compulsory Molitary training for every able bodied young man regardless. This ofcourse conflicted with the none resisting faith of the Mennonite and the Amish religious bodies., and they would not sacrifice their Faith for Militarism. the Government also interfered with their religios

persuasions. they suffered terrible persecutions, and afflictions by fines and levies untill many became so poor thy could hardly exist. and consequently they became America minded where they could serve God according to the Scriptures as they understood them, and for the benefit of their children and oncoming family descendents.

This ofcourse when it became known did notlessen the affliction, but more like the farmers song when he was mowing the grass around by the fences and stumbled on to a hornets nest, he composed his song regarding and each time in the refrain he put the following. " THE HORNETS DID NOT COMPELL, ONLY MADE THEM MORE WILLIING TO GO.

The U. S.A. and Canada at that time practically a new country threw their doors wide open to hundreds of these families. but this did not end all their troubles, First of all it meant there was a saying "GOOD-BYE" to fatherland relatives, in many incedences it was the last kiss upon the brow of Parensts. a good-bye to relatives and loved ones. never to meet onearth again. next the hazardous and perilous sailing on a sail boat, many went to a watery grave and in most cases it was all for the love and benefit of their children and oncoming generations.

And then upon ariving with very little money and in many cases none at all, they had to start life the HARD WAY.

In many incedences wemen had to take their place side by side with their husband not only in the feild but in pulling the Cross Cut Saw to earn a little money or to help make a living for the children orbuid a log shanty and @all it a home for the family. and provide bread and cloths for the children.

" MUST BE A U-TO-PI-AN "

e Schwartzentrubers, Nine Lineages, and many of them have tramped American soil for nearly 200 years, but have left very little behind them in the line of written authentic historical record except their footprints on the sands of time, consequently a compiler of family history or a genealogist needs to consider himself an "UTOPIAN" living on IMAGINARY ISLAND and a possessor of a well ballanced mental calculator, as the largest portion of family history and records have to be pulled out of the mental coldstorage plants, and seldom two of them are alike and many of them the mental ink has become so badly faded that the whole matter becomes a huge "Chick-saw-Puzzle". as each and every one declares their manuscript is the correct one.

A C Y C L O R A M A

In spite of all the sacrifices, sufferings, and beginning life the HARD WAY purely for the benefit and well-being of their children and oncoming generations we have pushed our children into the chambers of ignorance in regards to their ancestral background.

We have become more or less a c y c l o r a m a that is, as one standing on an elevation where he can look the four ways, but sees only a large sea of faces all hurrying but at the same time getting nowhere fast.

We have become a large number of people, clamoring in life, but at the same time any number of our folk of middle age can not tell us what their Granma's maiden name was, neither can they tell what grandfathers occupation was, and even others are writing in to learn where and how they are connected into the Swartzentruber lineage, Pardon I am not writing slander, I am giving you facts even tho they might be almost unbelievable.

H O N O U R

EXODUS 20: 12. HONOUR THEY FATHER AND THY MOTHER: THAT THY DAYS MAY BE LONG UPON THE LAND' THE LORD THY GOD GIVETH THEE.

This genealogy is compiled under the constituted authority of the "FIFTH COMMANDMENT" The very first word is a command which obligates you and I to perform it.

No honour can be bestowed upon any one untill the achievement is accomplished; Your blood stream carries you all the way back to your noble Progenitorial forefathers. and their achievement which was indeed a very sacrificial and a commendable one, not for their own personal benefit either, but for their children and oncoming family descendants .

Can you think of any higher honor that we could place on their behalf an all alive historical record, and genealogy into each and every one of our homes. let our children have free access to it and teach them and show them many more sacrifices they made even for their own childish welfare and carry this honor right down for many many more generations to come. or, shall we set our mind on them in this way---"THEY ARE DEAD AND BURIED LET'S FORGET THEM. Ah, I'm afraid we have to long and to much forgotten them.

They are dead, and gone, but yet they speak, place your finger on the name of your departed Dad or Mother, or Possibly on that little curly headed child you have been bereft of and meditate for a few moments, and you will find that they are speaking so loud that big scalding tears will soon flow down over your cheeks. (Try it.)

A FORWARD AND BACKWARD LOOK.

A legend is told, of the god Jannus who possessed two faces, the one for a forward and the other for a backward look.

While it is wisdom to be charged with an enthusiastic forward look, but there are times when it is profitable to take a little time and take a real inventorial BACKWARD LOOK.

A certain man said he did not want any of these genealogies in his house for he would not look inside of it even once a year. What profit is such a book to me? it will not even bring me the interest on my investment. This man had a real enthusiastic forward look. may be you are of the same opinion, if so let us take a little review of the past.

First of all, you are obligated to respect the FIFTH COMMANDMENT. There is positively no way to bestow any honor on any person untill the project undertaken is victoriously accomplished, There has never been any sacrifices made for our individual purpose and benefit, save the sacrifice on Calvery's Cross. then what our forefathers have made for our benefit.

Had it not been for their sacrifices you and I without doubt would be subject of Austria, or Switzerland or Germany this very day. Your reward is not for tomorrow but look back with a real "BACKWARD LOOK, think what you have already been rewarded by being an American citizen and on top of it all the fifth Commandment promises you that the honoring of your Father and mother and ~~your~~ blood stream runs right back to the Progenitorial Parents, prolong the days of your life, your days upon the land the Lord God giveth thee.

MICHAEL SCHWARTZENTRUBER
BARBARA OSWALD

-o-o-o-o-o-o

We regret our inability to give a more outstanding historical record of Christian and Jacob, brother to the above Michael Schwartzentruber, as no doubt many pages of the most interesting records of family history could be given by merely covering the high spots in their careers.

But owing to Michael Schwartzentruber and Barbara Oswald were my own Grandparents, and this enables me to delve much deeper into the historical events of theirs. but may we be guided not to spread too far into incidences not necessarily to be mentioned.

Michael and wife were staunch members of the parental church "Amish Mennonite Faith" with an oncoming family, naturally they too were strongly America Minded, and finally one day they received their Pass-Port which gave them the "Green Light" which meant GO and don't hesitate. Upon these orders their belongings which were but very few were quickly picked up and they were off for the long trek across the ocean and in a sail boat.

Arriving at the dock they found three families of the same anticipation but in a dreadful disappointed mood, owing to that the last passenger boat for the fall had already sailed, this was a dreadful calamity. no place to go even if they did turn back.

A certain Officer at the docks saw the condition these people were in, and finally informed them that there was a cattle boat ready to leave for America and did not have a capacity cargo, and if they desired to go on that.

it is deemed that no coaxing and persuading was required. neither did these passenger question if there was sufficient silver tableware on board or if there were private bath rooms.

We have an imaginary mental picture of that their meager belongings were hurriedly tossed on board, and while the riggers were hoisting their sails, and loosening their anchor ropes, without doubt on the interior of the ship there was one of the real old time prayer and praise meetings being conducted, with tears like rivers for joy were rushing down over their cheeks.

But ah! when it came time to retire for the night there were no inner spring mattresses, nor downy pillows to lay their heads on, we presume the bed was the hay mow, with a good armful hay rolled in a bundle for a pillow, no soft carpet in front of the bed to kneel on thanking God for the day that has passed and asking his Holy Spirit to watch over them while they slept.

We are really forced to ponder, and wonder if these beautiful silver tableware, the Inner spring mattresses are heaped upon us their descendants, as a reward for the "H O N O U R" we are bestowing upon them; Instructing our children and enlightening them of the supreme sacrifices they made and all for our benefit, and for the way we love, honour, and cherish our great and wonderful blood relationship by placing a genealogy in our home, upon our reading table, and leave it there for friend and others as they came in to pick up and peruse its pages. Put your finger on that name of your parental Ancesters name and meditate for a few moments and you will almost hear them say:-- WE SACRIFICED, AND TOILED THE HARD WAY THAT YOU MIGHT LIVE."

The Michael Schwartzentruer family as well as the other three were in a real consecrated

mood, but God gave them a real test to see if they really were on the FAITH LINE. We have no exact record of their sailing date, but we presume it was somewhere about the middle of November 1822 they had not left the shore much more than 10 or 15 days when they encountered a terrific storm and winter set in. at times their boat was wafted on top of the rolling billows that it seemed they were just swooping through the air, then suddenly they dropped down again to the depths that on each side of the vessel there were walls of rolling waters more than twice the height of their ship, and suddenly up they went again.

Finally, the captain lost his compass and his chart finally the storm calmed down for a day or so and then another repeater, after repeater. altho when there was a calm for a day or so the sky was overcast and no sun, moon, or stars were seen for weeks at the time. no chart, no compass and they were lost at sea, just drifting and tossing to and fro at the pleasure of the wind.

Food was practically all gone, it became necessary to slaughter some of the cattle to get food. Days, weeks, and months past and they still at the mercy of the wind.

Finally June the sixth, a new arrival came into the Schwartzentruber family. no hospital no doctor, and still no land in sight. The new arrival was named Magdalena.

Finally the sign of land came to their view, they steered their sails and when they came into dock found it was "Hoboken, New Jersey" what a relief. but God answered their prayers and gave them a safe landing.

Soon someone was secured with oxen and two wheeled carts. this conveyed them up along the Hudson river as far as Albany, the west through the Mohawk valley. Somewhere on this trek the other

three families turned north and went up into Lewis County, N.Y. there also a colony of Amish people was started. We have never learned what these peoples names were.

The Michael Schwartzentruber family continued west, arriving at Buffalo, or rather at Black Rock, located at the Niagara River, here was another problem, no bridge across the river. Finally they learned of a foot bridge made by the Indians, which they crossed carrying their meaker belongings on their back then followed an Indian foot path up through the solid woods to Hamilton Ont. Canada. a distance of some 70 miles. Little Magdalena did not have a rubber tire buggy to ride in, but was conveyed on the parental armstrong conveyer which was far safer than the rubber tire buggy.

At Hamilton they were welcomed by a Rev. Eby and were given shelter, Mr. Eby had just previously made purchase of a small tract of land a possible 35 miles west of Hamilton. On Monday morning the Mssrs Eby and Schwartzentruber would shoulder a well filled pack basket with a week supply of vitals, plus axe and crosscut saw, on Mondays they would walk out to the newly purchased tract--all the way solid woods, they would clear a small portion of land and plant some corn and other vegetables, also make a clearing on which they erected a log cabin Saturday mornings they would again walk back to Hamilton and on Sunday would conduct a church service for the two families and on Mondays resume their trek. Finally the first cabin was completed and the Eby's moved in, The second one was soon erected which was then occupied by the Schwartzentruber Family. other cabins were erected and soon it was named Ebyville, later as it became a fair sized village they legally named it "BERLIN" which name it bore until World War #1. the name was changed to "KITCHENER". which now is a very fair and industrious city of about 50,000 population.

We do not want to forget that the orphan Christian accompanied his uncle Michael and family ly to America, enjoyed the experience of the rolling ocean, and the tast on board what he thought was that much talked about and famous venison, we shall put him on the screen a little later.

Soon after the Swartzentrubers moved into the new log cabin another new comner arived in their family, this time it was Michael Jr. name after his dady ofcourse. Michael ofcourse had very little to say about it, but he became the famous Title Holder od being the first white child born in Wilmot Township, Ont.

Michael saw he had to make provission for an oncoming family, one day he shouldered the axe and took a trek out westerly into the forests marking treesas he went so to guide him on his return. walked about seven miles took up inhis hands a sample of ground which appeared to be a very rich soil. he also noticed a ways ahead of him a considerable elevation or hill. he decided that the rain and snow water was wasing the rich fertile soil year by year from this hill on to the land below. so hedrove a large stick or pole into the ground and made his way back to the log cabin. he contacted the authoritics, and made a purchase from the English crown of fifty acres at a small sum of only a few shilling per acre.

Now again the axe and cross cut and broadaxe again had to be swung into action and a log cabin to be erected, as soon as this was done the Schwartzentrubers moved in and started to clear more land. during this time the University of Toronto bought up all the surounding land clear up to Lake Huron. Then surveyed a road which was called the Snyder Road, in surveying this road it was found Michael Schwartzentrubers 50 Acres did not border on to the road, andalso laid rather criss-cross to their survey arrange

ments were made The University re-surveyed the 50 acres so that the entire frontage run parallel bordered the Snyder Road. In later years this Snyder road was renamed as Highway Number 8.

Michael then purchased another 50 acres joining directly to the rear or south side, plus another 100 acres joining the west side, for this 150 acres he paid 93 pound and 15 shilling approximately \$460.00. He also at the same time took a lease on another 200 acres joining on the east side of already purchased 200 acres. hold this for his nephew Christian until he was old enough to get a clear title himself.

This meant the immediate clearing of a little land to plant a little corn and few other garden truck. a little wheat to get flour for bread, as well as the erection of a log house to live in. but as they had no horses and no oxen; Their farming implements consisted of a Grub-hook, a spading shovel and a rake. other necessary implements were a good sharp axe, a crosscut saw and a broad axe. What corn and wheat they raised for meal and flour had to be carried to Hamilton on their back and the meal brought back the same way.

There was no saw mill as yet and so there was no lumber to make doors or coverings for windows and as a substitute bed blankets had to be used. soon visitors called wolves began to make their visits in packs of fifties. some would even push their heads in under the bed blankets hung up for doors. Another Schwartzenruber soon learned that by taking a shovel full of coal from the hearth and push the shovel and coal out through the window hole and throw a small sprinkling of gun powder on the fire coal and the wolves smelled the burned powder they would make a hasty appearance off into the woods.

It also became necessary to build a loft into the rear of the log cabin to put the children up on for their safety as well as to sleep in safety during the night.

THE INDIANS.

Their most frequent visitors out there in the woods were the Indians , they came in groups from 8 to 12 and more men women and children, they were always very kind, especially to themselves; they would always help themselves to every thing in the line of baked goods that was in the house. Mother Schwartzentruber finally got wise and would only bake for their immediate use. altho in return they would always bring large chunks of venison.

Finally they erected a "GALGA POSHTO" and keep it well supplies with deer hanging up, in so much so that it became a chore to keep the spoild meat burried. Michael Junior was then a possible 10 or 12 years old; they would take him along and teach him how to shoot with bow and arrow, and sometimes would not bring him back till long after dark, this used to cause his mother considerable worry.

After a time Michael the father bought a pig, hoping in time to have their own pork, a pig sty was soon erected by scoring a few logs, placing them on top of each other, and soon there was a nice litter of pigs quite well grown, One day the wolves smelled the fragrant aroma way out in the woods and ofcourse came to make an investigation. The logs kept the pigs in without any trouble but it did not keep the wolves out and before the men could get to the Pig sty, the wolves had killed nearly all the pigs.

TIME WAITS FOR NO MAN.

Michael already near his 50th birth date when they arived in Canada. Ofcourse they did not come expecting to make a furtune before he died but came that he might enjoy religious freedom, not only for himself but his children and oncoming descendents, --That includes Y O U and I. Do we ever think about this and appreciate it ? and in what way do we show our appreciation?

THE HALF CAN NOT BE TOLD.

Space will not permit to tell half of the story therefore while you read the lines do put a great deal of thinking between each line and subject.

Very, Very Sorry! that in this breif historical record, we will not be able to confirm upon them a more complete and honourable co-memoration, not on them only, but descendents. Inlaws, as all have contributed their noble share, it was not all easy sailing on the secon and third generation, all had to contrbute their share at the appointed time. It is now our God Commanded duty to keep a real live memorial record in our homes and give our on-coming descendents a true and corect knowledge of their ancestors.

ERONEOUS IDEAS.

But, Ah! many cry---I do not want a family history and genealogy book in my house. I would not loook inside of it once a year, what benefit is such a book to me, it wouldnt bring me the interest of my investment. They further say; "Leave them alone they are dead, they sleep, dont disturb them.

May I kindly ask? have we not left them alone to long already. we have robed many of our children of this present day, yes even young married folk have no more knowledge as to their as to who their ancestral forefathers were than do the hottentots in india or china.

SET THINE HOUSE IN ORDER

Michael became of retireing age and the children will take over. The Homestaed 100 acres he sold to his oldest son Christian, while the other 100 acres were sold to Michael Jr. Most of this 100 acres still had to be cleared. Michael was taken with a heart condition, and never was able again to do a real days work. his wife Barbara was an active rugged little body, and practical took over

fortunately somewhere got a yoke of oxen. his wife Barbara was not raised in and easy chair watching Television, on the latest make-ups as many unfortunately are these days, Barbara knew how to put the yoke on to the oxen, she also knew real well how and just when to snap that whip, and while the men were out cutting down the right trees and cutting them into proper lengths to make a two story log house, log walls 12 inches thick; Barbara would hook those oxen up and snake those logs up to where the house was to be build and roll them up on to the scoring place. A saw mill had been build in a near by town, and she would take some of those logs on sleigh to the saw mill to be made into lumber for interior work in the house.

The men would also cut some cedar blocks which she hauled home and Michael would work a little on them each day, he made himself a "SCHNITZEL-Bank, and did shave some shinkles, and by the time the house was ready for the roof michael too had the shinkles ready to cover it.

That log house is standing as firm and solid today as was when it was build the exterior is nicely claborded no one one know it was a log house, altho Barbara has gone to her rest 46 years ago at the age of 78.

In like manny the barn was build, she snaked the timber on to the scoring place with the oxen, logs for lumber she rold them on the sleigh by oxen and then to the mill, at the mill the men would roll them off for her and load up a load of lumber to take home for the men working on the barn. that barn today is still standing squarely on its foundation and in good trim Michael too kept active on the Schnitzel Bank, and when the barn was ready for its roog Michael had the shinkle ready also.

In 1877 your humble compiler of this book came on to the scene and was taken in into the home

as a Foster son of my Uncle Michael Schwartzentruber Jr. who was a brother to my father; Their children were well grown up and some were married Michael and wife Barbara were to retire, their oldest son John E. Married to Lena Beasinger and took over the farm. A few months after his marriage his wife Lena died, consequently his parents still stayed with him and kept House for him. In 1887 John Married Veronica Zehr, His parents now moved into the Grandpa house. To this union three children were born and in 1907 Veronica his wife died and in 1909 remarried to Christina Breneman, they continued farming untill their retirement and sold the farm into hands of strangers. his wife died and John became a widower the third time, he died August 8th 1950 at the age of 93 years.

THE ORPHAN OR NEPHEW CHRISTIAN.

This Christian, as he was bereft of his father and mother almost at the same time, and he still but a child, but through the kindness of his Uncle Michael was given a good home, nevertheless had to start life in the hard way as a youth altho the home in his uncles family was a good home, but Christian still was bereft of that motherly love, and fathers care, nothing on this earth can take its place; once thus bereft you immediately become a sort of a misfit, You just do not quite fit in correctly, neither can your own feeling be gauged or conquered, and in many respects you do become more or less a double misfit.

As a "YOUTH" Canadian wild life, its huge forest and all that goes with it may have been a great omen at times beaming up before him like a mighty sun rising in the spring of the year, but back of it the feeling to say Good Bye for ever to his friend, his chums his country never to see or return to it again.

Looking up at the mighty sails of the ship, and the vastness of the ocean, a heart bubbling over

with glee, and suddenly as port holes were shut and a slight feeling under foot and then the youthful outbust---Uncle, "Uncle, We are going can you feel it? But ah, altogether to soon there were other feelings not only under foot one moment the ship was tossed up on top of the waves like a toy and then down between two walls of water much higher than the sails of the ship no hand clappings for jubilent joy but rather heartbreaks of fear with plenty of weeping and tears. we feel sure young Christian did his share as well as the rest. Adding to it all an entire winter and spring on the ocean.

If it were not for the lack of space in this genealogy book a good sized volumn of this sort of historical matter could be written, but let us sum it all up and the answer would loudly speak it was for you and me. As the writer and compiler this short historical record plus the genealogy section is a very sacred one and should be found on the reading table of every descending family; Not to be concerned about it is almost dishonouring your own blood stream.

CHRISTIAN AT THE AGE OF 21.

Christian now becomes the legal owner of the 200 acres leased by his uncle; but let us not forget that with all the disasterous treck across the ocean, and the oxcart ride from New Jersey to Black Rock. the long treck from there to Hamilton. the begining of the clearing of his uncles 200 acres and the building of the log house and out buiildings, Christian had his share of it as well as the others. Christian now at the age of 21. Just imagine you see him standing there early in the morning beside his Uncles log cabin, as the sun rised and he look-out over 200 acres of solid wood, no wife to cook his meals, no sons to turn the grindstone to sharpen his axe, 200 acres to be paid for

but first of all a clearing to be made, and a log cabin to be erected. We presume he was not a great mixer with the young people outside his Foster home, he did not Marry untill he was in his 31st year, possibly that "dont just fit in spirit had much to do with his late marriage however he did meet up with a Miss Steckly, and brought her home with him. One son Jacob was born to this union and his wife the mother died, this was another tremendous blow to him. he lived as a widower for 14 years, finally in 1851 he was married to Veronica Erb. This apparently was a steping stone in his life. They were Ardent Warm hearted Eager and zealous Christians, Prudent members of the Amish church. Religiously left their offspring a legacy which money could not buy. Their Union was blessed with 12 children six boys and six girls. Jacob the son by the Steckly wife was never married, always worked on farms till retiring age and always made his home under the parental roof, and died at the age of 84 years.

Eventually, Christian retired, sold the 100 acres to his oldest son Joseph. who worked the farm untill his retirement and then it was sold into hands of strangers. The second son Joel bought the Homestead 100 acres, and lived on it till he retired, and sold it to his son Petter who owned it till he retired and then sold it to his son Erlis who is now the owner of it.

Christian died in 1874 at the age of 70 and his wife died in 1913 at the age of 83. Their Progeny to date catalogues to just over 100 families. Two of Christians' younger sons are still living, we feel we can make worthy mention of. In doing so we must turn Back again to the Homestead farm of Michael Schwartzentruber Sr. where Christian got his early start in life.. continue on next page.

When Michael Schwartzentruber Sr. retired he sold the homestead farm to his oldest son, Christian, Christian never was married, he became sickly and before he died he sold the farm to his brother John. John also never married, also sickly most of the time and so had to depend on hired help both in the house and outdoors. his key man for hired man on the farm was Christian the son of Christian and Veronica Erb mentioned on page 23. During the time of the first Christian oldest son of Michael the old log house and out buildings became worn out and he erected a large farm house, and a large barn. this possibly could have been about 1850 These buildings are still standing on their first foundations and are kept in splendid condition today. Christian whom we mentioned as the Key Farm hand for this un-married John began to work for John when but a youth,

In due time he married the half sister of the compiler of this book. Married in 1891 and died in 1892. Christian remarried to Elizabeth Wagler Dau. of Joseph Wagler Married in 1906 thus his wife became "Housewife" John died in 1916. then Christian bought the farm. Their Union was blessed with two sons the Older Solomon and the younger Elmer.

In due time Solomon was married and his father bought another Farm but Solomon stayed on the Homestead and his father moved to the new Farm. Solomon is still the owner of the Homestead.

In due time Christian the father retired and his son Elmer took the farm over. He married and was ordained Deacon and in 1951 was Ordained Minister in the Amish Church of Baden Ont. Canada.

Christian and his wife recently celebrated their 50th Anniversary his wife her 84th and he his 90th Birthdate. His brother John will celebrate his 89th Birthdate May 6th 1956. he is living with his son Clayton.

A B R I V I A T I O N SGENEALOGY PAGES

The number in front of the parental name is the family number. should an alphabetical letter such as "A- B- C-appear after this number indicates the families had been numbered before that family record was received.

The husbands name is always at the top of the family name, however in the index the direct descendent is always listed in the first column and the Inlaw in the second, therefor it is best to always get the husbands name as well as that of the wife.

b- born. d- died. *... indicates the correct information for that item was not known or not given. m- married. ttf # turn to family number which is the direct descendent, if m-ttf # appears after a childs birthdate indicates the child is married and you turn to the indicated number and that is the family

hd- or wd- indicates husband or wife died on the given date, if no date is specified then the individual is still living, and space is left open to insert the date when it accurs.

In Religion, if only one indication appears indicates both husband and wife belongs to that same Faith.. Otherwise both are given.

If only one occupation is given it indicates it is the husband, and the wife is House-wife, but if the wife has an occupation it is so indicated

If the address is not correct indicates the family has moved since they mailed in their family report but have failed to furnish us their new address.

PROGENITORIAL
FAMILY

CHRISTIAN SCHWARTZENTRUBER

MAGDELENA SHOENBECK

GENERATION 1.

Dates of birth not known
Presumably in about 1743

IN HONOUR TO THEIR MEMORY
*O*O*O*O*O*O*O*

They are not dead! they have but passed
Beyond the mist that blind us here,
Into the new and larger life
Of that serener sphere.

They have but dropped their robe of clay
To put their shining raiment on;
They have not wandered far away—
They are not "lost" or "gone".

Though disenthralled and glorified,
They still are here and love us yet;
The dear ones they have left behind
They never can forget.

Ernest T. Roth was accidentally killed. The Grand Trunk Rail Way Passing through their farm at their lane is a considerable elevation which makes visibility almost impossible, and as they were on their way home for dinner and did not see the approaching train, which struck them, Earnest and two other boys with him were instantly killed.

T H I N K O N T H I S

If you cannot change the past, remember the future is still in your hand.

Evil flourishes only to the extent you Patronize it.

The tree of evil flourishes because the people let their axes rust.

HOW TO READ THIS BOOK.

First turn to the index,

Persons in the first column are the direct Descendents.

m- indicates married,

Persons in the second column are the Inlaws.

After you have located the name you have in mind then turn back to the family number in front of the persons name.

Having located your family, you will find a fter the parental namettf ※**** this indicates to turn back to that family number, following these numbers back will give you the direct family lineage of the Progenitorial family. You can do this with any person that is a direct descendent in this book. "TRY it".

SECTION TWO

FOR MEMORY REFRESHER

Consult first pages 1,
to page 26, of section
1. of this book.

CHRISTIAN SCHWARTZENTRUBER

Magdalena Schoenbeck

This the progenitorial family did not imigrate to America. either due to old age, or possibly had died before the last of their sons had left their homeland we do not know.

Neither were we able to get a correct date of their births or marriage, but possibly were born about 1743.

Their family as far as we were able to learn consisted of four sons as recorded on page 4 section 1. of this book.

As farther indicated in the historic section of section one, both Casper and his wife died while their only child (Christian) was still quite young and was given a home in the family of his Uncle Michael, and at the age of about 15 imigrated to America with the uncle and his family.

The following pages will give you record of Christians descending families. and as this book dates back approximately 200,yrs,we were not able to find any autjentic written family records and most of our listings had to be drawn out of memories cold storage plant and if some of these records do not agree with what fragments your memory contains just kindly excuse ours as we did the very best that it was humany possible to colect it.

Christian and his wife were zealous God-fearing people, ardent members of the Amish Mennonite faith untill the time of their death, they are both laid to rest in the Vilage cemetary of Petersburg, Ont. Canada.

Ernest T. Roth was accidently killed by a train on the Grant Trunk Rail Way which Passes through their farm, as they were on their way home for dinner, there is a considerable elevation at their farm crossing which shuts off the view and so did not see the train approaching. Two other boys that were with him were also killed.

END OF SECTION 2.Alphabetical letters,

Where alphabetical letters
 Appear after a family number in-
 dicates that the numbering was
 already done when the family re-
 cords were received. adding the
 eight alphabetically listed families
 to the above 93 brings the total
 count up to 101 families.

R E M A R K S :-

By the compiler

We feel confident that this book will be of some help to all who will peruse its pages. While it covers a period of approximately 225 years; the task of compiling was almost impossible, as no written historical, or genealogical authentic records could be found anywhere. Most of the material had to be drawn from the mental cold storage plants of the people and on much of it the ink was badly faded, so if it does not correspond with what you have do not criticise it but put it down as new information that you did not have.

In case you do find mistakes in this book please consider, they were put there for a purpose, possibly not altogether intentionally, altho we want to publish something for every body, as some folks are always looking for mistakes and here is where you can find them.

A copy of this book ought to be in every home of all the descending families of our forefathers, in showing due honor and respect to them according to the Fifth Commandment. If you have overlooked, and forgot-ten to order you copy write to the compiler as we may have a few coppies left on hand.

With love and Christian Fellowship, we beg to remain,
Respectfully yours,

P. Swartzentruber
Major (Retired)
